

# J. TIMOTHY GREENE RISK IMPACT AWARD 2022

## Introduction

Creating and maintaining a risk aware culture is a college-wide effort; however, with any project, there are individuals who make outstanding contributions who go unrecognized. DMI is encouraging you to recognize those individuals within the college community who are making significant contributions to risk management. Risk Management contributions can be made by anyone, regardless of job duties or title, and DMI supports recognizing these individuals with the J. Timothy Greene Risk Impact Award.

## Award Program Description

DMI will annually request nominations from the Technical Colleges for outstanding contributions to creating or maintaining a risk aware culture. Technical Colleges can nominate an individual or team who represents the frontline “boots on the ground” staff who have made a significant contribution to mitigating risk on campus. We are looking for individuals that have made important contributions, above and beyond what is normally expected. Nominations can be made for any employee, of any Technical College, for the following: reduction of a specific risk; improving the overall risk environment; initiating programs that address risk issues; or any other outstanding risk management achievement. **ONE NOMINATION PER COLLEGE CAN BE MADE.**

## Nomination Process

Complete the DMI Risk Impact Award nomination form - providing contact information on the nominee and nominator and explanation (up to one-page) for the nomination, quantifying outcomes where possible (dollars saved), or expressed in anecdotal terms.

## Selection

DMI staff will evaluate nominations and make a final selection. DMI’s practice is to make this recognition inclusive rather than exclusive by recognizing the unsung heroes of risk management and encouraging the concept that risk management is everyone’s responsibility.

## Award

The emphasis will be on recognition: the actual award will be a certificate (signed by the DMI Board Chair and the DMI President) and small token of DMI’s appreciation, to be presented at the DMI annual meeting. DMI will provide a press release announcing the winners and send an announcement to the winner’s College President and immediate supervisor.

## Timeline

Kickoff – November 12, 2021

Deadline for Nominations – March 1, 2022 5:00 PM

Final Award Announcement - April 28, 2022 – DMI Risk Manager Meeting
